

Job Description

Farm Manager

Reports To:

The Farm Manager will report to the Operations Manager

Job Overview:

We are searching for a manager with good business sense to join our team.

To be successful as a farm manager, you must be detail-oriented but also keep the bigger picture in mind. Outstanding candidates are keen problem solvers who are focused on efficiency and take a hands on approach to management.

Responsibilities and Duties:

- Supervising staff and making sure they understand expectations
- Ensuring seeds, fertilizers, pesticides and other supplies are regularly restocked
- Building professional networks and keeping abreast of developments in agriculture
- Preparing budget and financial reports
- Preparing plans and schedules for planting and harvesting
- Ensuring all staff adheres to health and safety regulations

Educational Qualifications and Experience

- Bachelor's degree in agriculture, animal science, or equivalent
- Additional courses in business management or administration are recommended.
- Extensive experience in a farming-related field
- Management experience is a plus

Skills and Personal Traits:

- A passion for agriculture
- Superb communication skills
- Excellent problem-solving, analytical and critical thinking skills
- Willingness to work overtime as required
